

316TI Seamless Rectangular Tube

Zhejiang Bewell Steel Industry Co., Ltd. is a leading enterprise in the square tube industry, specializing in supplying all kinds of Bewell® 316ti seamless rectangular tube, stainless steel square tubes, rectangular tubes, is one of the more complete specifications in the square tube industry, the company adopts a modern management concept, adhere to the quality of survival, integrity and development, and gradually ascend to the globalization of the competitive platform. We look forward to your long-term cooperation with our company.

Product Description

Bewell® 316TI Seamless Rectangular Tube is a long strip of steel with a hollow cross-section and no seams around it. Bewell® Steel pipes have a hollow cross-section and are used in large quantities as pipelines for the transport of fluids, such as pipelines for the transport of oil, natural gas, gas, water and certain solid materials. Compared with solid steel such as round steel, steel pipe is lighter in weight when the bending and torsional strength is the same, and is an economic section steel, widely used in the manufacture of structural and mechanical parts, such as oil drilling rods, automobile drive shafts, bicycle frames and steel scaffolding used in construction.

Parameter(Specification) of the Bewell® 316TI Seamless Rectangular Tube

item	value
Place of Origin	China
Producer	zhejiang
Application	Fluid Pipe, Boiler Pipe, Drill Pipe, Hydraulic Pipe, Gas Pipe, OIL PIPE, Chemical Fertilizer Pipe, Structure Pipe, Other
Alloy Or Not	Non-Alloy
Section Shape	Rectangular
Special Pipe	API Pipe, Other, EMT Pipe, Thick Wall Pipe
Thickness	0.8 - 30 mm

Standard	ASTM
Length	12M, 6m, 6.4M
Certificate	ce, Bsi, BIS, JIS, GS, ISO9001
Grade	Q195/Q215/Q235/Q345, GR.A/B, S235/S355
Surface Treatment	Pre-galvanized/hot dipped galvanized/Bare/oil
Tolerance	±15%, ±5%, ±1%, ±20%, ±10%
Processing Service	Welding, Punching, Cutting, Bending, Decoiling
Oiled or Non-oiled	Non-oiled
Invoicing	by theoretical weight
Delivery Time	7-14
Product name	Square Steel Pipe
Keyword	Galvanized Steel Pipe
Surface	Black Painted
Material	Q235
Shape	316TI Seamless Rectangular Tube
Usage	Oil Gas Sewage Transport
End protector	Plastic Pipe Cap
Packing	STANDARD PACKING
MOQ	1 Ton
Technology	ERW Hot Rolled

Feature and application of the Bewell® 316TI Seamless Rectangular Tube

Features:

Selected raw materials

sturdy and durable

(3) low replacement frequency

(4) High precision

Zhejiang Bewell Steel Industry Co.,Ltd.
